

Black Titan - Bluestone

Black Titan Bluestone is a hard wearing stone which can be used for both interior and exterior applications. The various finishes available vary the colour slightly, but the consistent dark tone allows products to be used in conjunction with one another. For example chiselled pavers can be used alongside sandblasted pool coping.

Use	Applications	Finishes
- interior	- walls	- honed(H)
- exterior	- floors	- water-sandblasted(WS)
	- counter tops	- chiselled(C)
